SECTION I. PRINCIPLES OF BOARD OPERATIONS.

The Board of Regents (Board), created under the Minnesota Territorial Laws of 1851 by the passage of the University charter and perpetuated by the Constitution of the State of Minnesota, is the governing body of the University. The Board, guided by the laws and constitution of the state:

- holds itself accountable to the public for accomplishing the mission of the University;
- meets openly, in the spirit of the Minnesota Open Meeting Law;
- fosters communication with the citizens of Minnesota, its elected representatives, and the University community; and
- works with the president to create a relationship characterized by trust and openness.

This policy provides an overview of the Board’s operations, committee structure, and agenda guidelines.

SECTION II. BOARD OPERATIONS.

Subd. 1. Governing Documents. The Board exercises its authority consistent with the University Charter, the Constitution of the State of Minnesota, the Board of Regents Bylaws, and relevant Board policies. These documents provide the basic framework for the conduct of the business of the Board.

Subd. 2. Board Business. The Board conducts business through meetings of the Board and its committees. Items placed on the Board agenda have the most fundamental importance and broad policy implications for the University. The following items are required to come to the Board:

(a) Fundamental planning documents, including:

- University Plan, Performance, and Accountability Report — The University Plan, Performance, and Accountability Report (Plan) articulates the mission and vision of the University; identifies critical issues and challenges confronting the University; and sets forth major goals, objectives, and timelines for the ongoing pursuit of the teaching, research, and outreach functions of the University. The Plan publicly demonstrates the University’s accountability for progress in reaching its stated goals and objectives; links planning, performance evaluation, and resource allocation at the system and campus/college level; illustrates and analyzes longitudinal trends in key areas; provides a means for comparisons with peer institutions; and identifies areas for continued work. The Plan sets the framework for the University budget.

- University Budget: Operating and Capital — The University budget sets forth the operating and capital requirements and authorizations for financing the activities of the University. The budget includes all funds (revenues and expenditures), all campuses, and all programs of the University. It incorporates historical background and projections.
The capital budget has two parts. Part I is the six-year capital plan, which is updated annually and identifies capital projects approved to proceed with preliminary project planning but not authorized to proceed with design and construction. Part II is the annual capital improvement budget, which authorizes the completion of design and construction of projects with approved financing and schematic design, consistent with Board policies.

The president recommends to the Board both the operating and capital budgets in successive meetings.

(b) Legislative funding requests, including the biennial budget request and the capital request.
(c) Reports on federal and legislative relations and issues.
(d) Annual report of asset management.
(e) Annual report of capital financing and debt management.
(f) Annual financial report.
(g) Summary of expenditures for the Office of the President, Eastcliff, and the Board of Regents Office.
(h) Gifts.
(i) Other reports, including, but not limited to, reports of the Faculty Consultative Committee, the University of Minnesota Foundation and Minnesota Medical Foundation, the University of Minnesota Alumni Association, and the Student Representatives to the Board.
(j) Additional items as decided by the chair of the Board in consultation with the president and vice chair.

At the chair’s discretion, any of these items may be referred for discussion in committee.
