☐ Review  ☐ Review + Action  ☑ Action  ☐ Discussion

PRESENTERS: Brian Steeves, Executive Director & Corporate Secretary

PURPOSE & KEY POINTS

The purpose of this item is to take action on proposed amendments to Board of Regents Policy: *Reservation and Delegation of Authority*. The proposed amendments would repeal Board of Regents Policy: *Board Authority* by integrating it into *Reservation and Delegation of Authority* in the following manner:

- *Board Authority*, Subd. 1 would be added to *Reservation and Delegation of Authority* Article I, new Subd. 4.
- *Board Authority*, Subd. 2 would be added to *Reservation and Delegation of Authority* Article II, Section VI, new Subd. 1.
- *Board Authority*, Subd. 3 is replicated in other Board policies, most prominently in Board of Regents Policy: *Responsibilities of the Board and Individual Regents*, and so would not be added to *Reservation and Delegation of Authority*.

The proposed amendments are a result of a comprehensive review of *Board Authority* and align with the goal of consolidating and streamlining Board policy when possible.

BACKGROUND INFORMATION

Board of Regents Policy: *Board Authority* was comprehensively reviewed in 2009. At that time, amendments were made to provide language and formatting consistent with other Board policies.

The Governance & Policy Committee reviewed the proposed amendments on December 8, 2016. No subsequent changes were made to the proposed amendments.

☐ Review  ☐ Review + Action  ☒ Action  ☐ Discussion

☐ This is a report required by Board policy.

PRESENTERS:  Brian Steeves, Executive Director & Corporate Secretary  
               Jason Langworthy, Board Associate, Policy & Committees

PURPOSE & KEY POINTS

The purpose of this item is to take action on proposed amendments to Board of Regents Policy: Board Policy Development. The proposed amendments respond to the committee discussion from October 2016 and items identified during the comprehensive review process. The major proposed amendments include:

- Clarifying language on how the Board adopts and amends Board policy.
- Aligning the process for Board action on other University policies in unusual circumstances.
- Codifying the comprehensive review process for Board policies, while making it clear that Board policies can be amended outside of the comprehensive review process.

Since the committee reviewed the policy in December 2016, the following changes have been made:

- Added language to Section II (which will become Section III) that states the Board’s expectation that the administration will make certain that other University policies are in alignment with Board policy.
- Revised Section V (which will become Section VI) to direct the administration to ensure that there is a regular, ongoing alignment review between other University policies and Board policy, but eliminated the “sample” language.

BACKGROUND INFORMATION

Board of Regents Policy: Board Policy Development was comprehensively reviewed in 2009. At that time, amendments were made to provide language and formatting consistent with other Board policies.
BOARD POLICY DEVELOPMENT

SECTION I. SCOPE.

This policy defines policies of the Board of Regents (Board), distinguishes them from other University of Minnesota (University) policies, and describes the process through which Board policies are developed, adopted, and maintained.

SECTION II. POLICY TYPES.

Subd. 1. Board Policies. Board policies generally deal with the University as a whole, establishing fundamental principles as a basis and guide for later action. Board policies are intended to be enduring rather than responses to a particular issue. Procedures are occasionally part of Board policies when such procedures bring clarity to the nature of the principle. More often, procedures are developed and refined administratively.

Board policies are specifically identified as such when considered and adopted by the Board. Substantive amendments to Board policies also must be adopted by the Board. The Board adopts Board policies and all substantive amendments.

Subd. 2. Other University Policies. Other University policies are needed to administer the University and its various units in accordance with state and federal legislation, reasonable administrative practice, and Board policy. While these policies may contain basic principles, they generally include procedures for managing the institution. The scope of other University policies varies. Generally, other University policies are developed, approved, implemented, and modified according to administrative policy.

When unusual circumstances suggest the advisability of Board approval of other University policies, changes to such policies also shall be submitted to the Board for action. University policies that have been reviewed and acted upon by the Board are noted in Board minutes.

SECTION III. CONFLICTS WITH OTHER UNIVERSITY POLICIES.

The president or delegate shall ensure that all other University policies are in alignment with Board policy. If other University policies conflict with Board policy, Board policy takes precedence.

SECTION III-IV. CORRECTIONS.

Occasionally, minor corrections of Board policies are required if, for example, administrative titles or customary language usages change. When the substance of a policy is not altered, the executive director/secretary of the Board is authorized to make appropriate corrections after review by the Board chair. The executive director and corporate secretary, with consent of the Board chair, may make corrections to Board policies that do not alter the substance of the policy.
SECTION IV. FORMAT.

Policies presented to the Board for consideration and adoption as Board policy shall include the following:

(1) principles to guide subsequent action at the University;
(2) text written in declarative statements; and
(3) a distinctive format and page design (to be determined by the Board Office) that includes a history of the policy and any amendments.

SECTION VI. REVIEW.

Subd. 1. Comprehensive Review. Board policies shall be comprehensively reviewed every six years. The objective of the comprehensive review is to determine:

• whether the fundamental principles established in the policy still align with the strategic direction and mission of the University;
• if the policy is still needed; and
• if the policy aligns with current practice.

The comprehensive review process shall be developed and executed by the Board Office in alignment with Board of Regents Policy: Board Operations and Agenda Guidelines. For each Board policy, a senior leader liaison shall be identified. The Board Office shall include the results of the annual comprehensive review as a component of the annual Board of Regents Policy Report.

Subd. 2. Amendments to Board Policy. The Board may amend Board policies outside of the comprehensive review process in accordance with Board of Regents Policy: Board Operations and Agenda Guidelines.

Subd. 3. General Counsel Review. The Office of the General Counsel shall review all policies for consistent form and legality prior to adoption or amendment by the Board.

Subd. 4. Alignment Review. The president or delegate shall regularly review other University policies for alignment with Board policy.

Supersedes: Regents’ Policies Statement dated February 8, 1974; and Authority to Correct Policies dated July 8, 1983.
AGENDA ITEM:  Board Operations: Board Meeting Format and Committees

☐ Review  ☐ Review + Action  ☐ Action  ☒ Discussion

☐ This is a report required by Board policy.

PRESENTERS:  Brian R. Steeves, Executive Director & Corporate Secretary

PURPOSE & KEY POINTS

The purpose of this item is to continue the comprehensive review of Board of Regents Policy: Board Operations and Agenda Guidelines. This discussion will focus on the Board's meeting format and committee structure.

Higher education paradigms are being hotly debated across the country, and governing boards are increasingly sensing that they must adapt to become more engaged and strategic, while also increasing their capacity to be nimble. Interdisciplinarity, too, is affecting governing boards, which may need to adapt their oversight structures to address administrative and academic issues more holistically.

At the University, Regents are increasingly noting a desire to be more fully engaged with a broader spectrum of items that come before the Board. Some Regents have also expressed an interest in having the full Board meet together to consider certain agenda items. The Board's planning calendar has attempted to meet this demand through an increased number of full Board work sessions and by moving certain items away from committees and onto the Board's Friday agenda.

However, the fact remains that the current committee structure splits the Board in half and runs concurrent committee meetings, preventing Regents from participating in most of the discussion around many of the issues that come before the Board. The current format also prevents Regents from participating in the thorough review and approval of various action items that takes place at the committee level (although the Board still takes final action).

With the upcoming election of Board leadership and biennial committee assignment process, a potential new meeting structure is before the committee for discussion. Included in the docket is detail on this possible structure, as well as a summary of the current structure.

Should Regents wish to make adjustments to address changing expectations for how the Board engages in its governance work, OBR believes that the proposed structure outlined in the docket could:
1. Enhance opportunities for the Board to focus collectively on consequential issues.
2. Reduce information asymmetry.
3. Promote greater Board cohesion.
4. Increase transparency and public access to the Board's work.

BACKGROUND

- Board of Regents Policy: *Board Operations and Agenda Guidelines* was comprehensively reviewed in 2012. At that time, the Board clarified its annual planning process, revised its meeting schedule, and more clearly articulated Board staff duties and responsibilities.

- Included in the 2012 comprehensive review was a realignment of the standing committees. The Faculty, Staff, and Student Affairs Committee was separated, with the student affairs component joined with the then Educational Planning & Policy Committee to form the Academic & Student Affairs Committee. This change also resulted in the formation of the Faculty & Staff Affairs Committee. At the same time, oversight for operations was moved from the Finance & Operations Committee to the Facilities Committee.

- In 2013, Board leadership created a Special Committee on Academic Medicine. Its charge was to deepen Board understanding of academic medicine; it did not have any formal authority. It was discontinued in 2015.

- In 2015, Board leadership created the Governance & Policy Committee to enhance Board performance and address policy matters that crossed committee boundaries.

- Over the last two years, some Regents have expressed a desire for a fuller review of the annual operating budget and annual capital improvement budget by the full Board. Regents not serving on the Finance Committee noted that they did not have access to the same level of detailed information and discussion about these vital action items. In turn, members of the Finance Committee would receive duplicate information and often have to repeat their comments in other meetings. In response, the Board’s planning calendar has included additional agenda items focused on the formation of the operating and capital improvement budgets and additional information presented to the full Board that in the past had been presented only at the committee level.

- The Board’s committees have expanded and evolved over time. In 1974, for example, the Board’s committees included an Executive Committee; Committee of the Whole; Educational Policy and Long-Range Planning Committee; Student Concerns Committee; Faculty, Staff, and Public Relationships Committee; Physical Plant and Investments Committee; Budget, Audit, and Legislative Relationships Committee; and the Health Sciences Committee. In 1989, the Board’s committees changed to include the Audit Committee; Physical Planning & Operations Committee, Finance & Legislative Committee; Faculty, Staff, & Student Affairs Committee; Educational Planning & Policy Committee; and the Committee of the Whole.
Proposed Revisions to Board Meeting Format and Committee Structure

KEY CHANGES

1. Establish two omnibus committees – Mission Fulfillment (MIS), and Finance & Infrastructure (FIN).
   - A Mission Fulfillment Committee (MIS) would replace the Academic & Student Affairs Committee (ASA) while providing extra time for full Board engagement on a broader number of academic, research and outreach issues.
   - A Finance & Infrastructure Committee (FIN) would combine the current Finance Committee (FIN) and Facilities, Planning & Operations Committee (FAC), eliminating the need for duplicate presentations and committee reports and better aligning with the new administrative structure.
   - All 12 Regents would sit on each of these committees. The Board Chair would appoint a chair and vice chair for each.
   - These committees would meet 7 times a year for 3 hours at a time (see table “One Possible Meeting Calendar for a New Format and Structure” on the following pages for how the calendar might look for a two-day meeting).
   - These committees would meet in the Boardroom, enhancing transparency by allowing more of the Board’s work to be video livestreamed and archived. In addition, because only one of these committees would meet at once, neither administrators nor the public would need to go back and forth between committees.
   - Establishing these committees of 12 Regents should dramatically reduce information asymmetry and compartmentalized knowledge, while creating shared understanding and enabling holistic discussions.

2. Establish Governance & Policy Committee (GOV) as a standing committee of the Board, with a membership of 12 Regents.

3. Transition away from standalone work sessions. Because the work session format has been quite successful, “work session”-like agenda items could be included as part of standing committee meetings.

4. Increase the number of Audit & Compliance Committee (AUD) meetings from 5 to 7 to create the more frequent audit and compliance oversight touchpoints desired by Regents.

5. Reimagine the Faculty & Staff Affairs Committee (FSA) as the Talent & Diversity Committee (TAL) and reduce the number of meetings from 6 to 4. This adjustment would maintain Board oversight of key human resource issues while providing dedicated time for the Board to engage on workforce diversity topics.

Proposed Structure

The proposed structure would align more closely with the University’s administrative structure. It also has the potential to:

1. Enhance opportunities for the Board to focus collectively on consequential issues.

2. Increase information symmetry and shared understanding across Regents.

3. Increase transparency and public access to the Board’s work.

AGENDA ITEM: Discussion of Board of Regents Policy: Responsibilities of the Board and Individual Regents

☐ Review ☐ Review + Action ☐ Action ☒ Discussion

☐ This is a report required by Board policy.

PRESENTERS: Brian R. Steeves, Executive Director & Corporate Secretary

PURPOSE & KEY POINTS

The purpose of this item is for committee members to discuss and provide input for the comprehensive review of Board of Regents Policy: Responsibilities of the Board and Individual Regents. This discussion will potentially yield revised policy language for consideration by the committee at a future meeting.

This policy was included on the Board’s current policy work plan (received by the Board in July 2016). The policy is included in the docket.

BACKGROUND INFORMATION

The Board of Regents has adopted 92 policies to govern the University of Minnesota. Each year, the Office of the Board of Regents (OBR) develops an annual policy work plan that includes policies scheduled for comprehensive review. The objective of the policy review process is to ensure that the Board’s policies align with the strategic direction and mission of the University.

Board of Regents Policy: Responsibilities of the Board and Individual Regents was comprehensively reviewed in 2009. No changes were recommended at that time.
RESPONSIBILITIES OF THE BOARD AND INDIVIDUAL REGENTS

Subd. 1. Responsibilities of the Board of Regents. Responsibilities of the Board of Regents (Board) include the following:

(a) Clarify the mission of the University of Minnesota (University) and approve programs necessary to fulfill that mission.
(b) Monitor and evaluate the performance of the institution in achieving its goals and fulfilling its mission.
(c) Appoint, monitor, advise, motivate, support, evaluate, and, if necessary or advisable, replace the president.
(d) Approve major policies, long-range plans, educational programs, and annual budgets, while clearly delegating administrative responsibilities.
(e) Accept fiduciary responsibility for the long-term welfare of the University.
(f) Ensure adequate resources - human, financial, physical- and effective management of those resources.
(g) Preserve institutional autonomy, recognizing that the preservation of autonomy requires accountability.
(h) Foster collaboration with other educational systems and institutions, consistent with the University's mission.
(i) Serve as a court of appeals when appropriate.
(j) Enhance the public image of the University.
(k) Regularly evaluate the Board's performance and strive to improve it.
(l) Ensure that the University remains an equal opportunity institution.

Subd. 2. Individual Regent Responsibilities. Responsibilities of individual members of the Board include the following:

(a) To support the mission of the University.
(b) To maintain loyalty to the entire institution rather than to any part of the University or constituency within it.
(c) To maintain the highest ethical standards, abiding by Board policies with respect to ethics and conflicts of interest.
(d) To seek to be fully informed about the University and its role in the state and in higher education and to be responsive to the changing environments that affect it.
(e) To speak forthrightly at Board meetings and to support Board decisions when determined.
(f) To understand that the Board's role is policy making rather than involvement in administration or management.
(g) To strengthen and sustain the president while being an active, energetic, and probing Board member who exercises critical judgment on policy matters.
(h) To communicate promptly to the president any significant concern or complaint for administrative disposition.
(i) To defend the autonomy and independence of the University.
RESPONSIBILITIES OF THE BOARD AND INDIVIDUAL REGENTS

Adopted: February 10, 1989
Amended: October 10, 2003

(j) To represent all the people of Minnesota and no particular interest, community, or constituency.
(k) To enhance the public image of the University and the Board.
(l) To recognize that authority rests only with the Board as a whole and not in its individual members.
(m) To recognize that the president is the primary spokesperson for the University, and the chair of the Board is the only other person authorized to speak for the Board.
(n) To foster openness and trust among members of the Board, the administration, the faculty, the students, state government, and the public.
(o) To maintain respect for the opinions of Board colleagues and a proper restraint in criticism of colleagues and officers.
(p) To recognize that no Board member shall make any request or demand for action that violates the written policies, rules, or regulations of the Board or the University.

Objectives

- Discuss and provide input for the comprehensive review of Board of Regents Policy: *Responsibilities of the Board and Individual Regents*

- Potentially yield revised policy language
Comprehensive Review

Comprehensive review is intended to determine:

– Whether the fundamental principles established in a policy still align with the strategic direction and mission of the University.

– If a policy is still needed.

– If a policy aligns with current practice.
Background

• Board of Regents Policy: *Responsibilities of the Board and Individual Regents* was last comprehensively reviewed in 2009.

• No changes were recommended.
Questions to Consider
