AGENDA ITEM: Board of Regents Policy: *Institutional Conflict of Interest* (Change in Financial Disclosure Requirements)

**Review**

**PRESENTERS:** Boyd Kumher, Chief Compliance Officer

**PURPOSE & KEY POINTS**

The purpose of this item is for the committee to review proposed off-cycle amendments to Board of Regents Policy: *Institutional Conflict of Interest*.

The annual conflict of interest process defined by *Institutional Conflict of Interest* requires that all University officials, as defined in policy, file a Financial Disclosure for University Officials (FDUO). The FDUO is in addition to an annual Report of Professional Activities (REPA). Both the FDUO and REPA exist to assist in the identification and management of a potential or existing conflict of interest that might improperly influence their professional judgment, exercise of University responsibilities, or performance of University-related activities.

The policy identifies 180 individuals as University officials. To reduce administrative burden, the proposed amendments seek to eliminate the annual FDUO filing requirement for 129 people in the following positions:

- Vice chancellors
- Associate and assistant deans
- Vice provosts
- Associate and assistant vice provosts
- Assistant vice presidents

The positions listed above would still be required to file a REPA annually.

The president or delegate has the ability to designate that other individuals not in a University official position complete a FDUO. Additional positions with this special designation will be identified in an updated appendix to Administrative Policy: *Institutional Conflict of Interest*. The appendix is included in the docket materials.
PRESIDENT’S RECOMMENDATION

The President recommends approval of the proposed amendments to Board of Regents Policy: Institutional Conflict of Interest.

AGENDA ITEM:  
Board Operations Part 1: Fundamental Planning Documents

☐ Review  ☐ Review + Action  ☐ Action  ☑ Discussion

☐ This is a report required by Board policy.

PRESENTERS:  
Brian R. Steeves, Executive Director & Corporate Secretary

PURPOSE & KEY POINTS

This item is the first in a three-part series that will complete the comprehensive review of Board of Regents Policy: Board Operations and Agenda Guidelines (BOAG). This discussion will assess the fundamental planning documents noted in BOAG, with particular attention to the budget process and possible addition of a system-wide strategic plan to policy.

BOAG identifies the following fundamental planning documents: the University Plan, Performance, and Accountability Report and the University Budget: Operating and Capital. With regard to the capital budget, the policy articulates that it is delivered in two parts – the six-year capital plan and the annual capital improvement budget. Budgets are required to come for review and action in successive meetings.

BACKGROUND

The Governance & Policy Committee participated in several discussions regarding BOAG in 2016-17. Significant effort was devoted to advancing a new committee structure for implementation in 2017-18. Feedback from those discussions, and discussions during 2017-18, will inform revised policy language for consideration in spring 2018.
BOARD OPERATIONS AND AGENDA GUIDELINES

SECTION I. PRINCIPLES OF BOARD OPERATIONS.

The Board of Regents (Board), created under the Minnesota Territorial Laws of 1851 by the passage of the University charter and perpetuated by the Constitution of the State of Minnesota, is the governing body of the University. The Board, guided by the laws and constitution of the state:

- holds itself accountable to the public for accomplishing the mission of the University;
- meets openly, in the spirit of the Minnesota Open Meeting Law;
- fosters communication with the citizens of Minnesota, its elected representatives, and the University community; and
- works with the president to create a relationship characterized by trust and openness.

This policy provides an overview of the Board’s operations, committee structure, and agenda guidelines.

SECTION II. BOARD OPERATIONS.

Subd. 1. Governing Documents. The Board exercises its authority consistent with the University Charter, the Constitution of the State of Minnesota, the Board of Regents Bylaws, and relevant Board policies. These documents provide the basic framework for the conduct of the business of the Board.

Subd. 2. Board Business. The Board conducts business through meetings of the Board and its committees. Items placed on the Board agenda have the most fundamental importance and broad policy implications for the University. The following items are required to come to the Board:

(a) Fundamental planning documents, including:

- University Plan, Performance, and Accountability Report — The University Plan, Performance, and Accountability Report (Plan) articulates the mission and vision of the University; identifies critical issues and challenges confronting the University; and sets forth major goals, objectives, and timelines for the ongoing pursuit of the teaching, research, and outreach functions of the University. The Plan publicly demonstrates the University’s accountability for progress in reaching its stated goals and objectives; links planning, performance evaluation, and resource allocation at the system and campus/college level; illustrates and analyzes longitudinal trends in key areas; provides a means for comparisons with peer institutions; and identifies areas for continued work. The Plan sets the framework for the University budget.
- University Budget: Operating and Capital — The University budget sets forth the operating and capital requirements and authorizations for financing the activities of the University. The budget includes all funds (revenues and expenditures), all campuses, and all programs of the University. It incorporates historical background and projections.
The capital budget has two parts. Part I is the six-year capital plan, which is updated annually and identifies capital projects approved to proceed with preliminary project planning but not authorized to proceed with design and construction. Part II is the annual capital improvement budget, which authorizes the completion of design and construction of projects with approved financing and schematic design, consistent with Board policies.

The president recommends to the Board both the operating and capital budgets in successive meetings.

(b) Legislative funding requests, including the biennial budget request and the capital request.
(c) Reports on federal and legislative relations and issues.
(d) Annual report of asset management.
(e) Annual report of capital financing and debt management.
(f) Annual financial report.
(g) Summary of expenditures for the Office of the President, Eastcliff, and the Board of Regents Office.
(h) Gifts.
(i) Other reports, including, but not limited to, reports of the Faculty Consultative Committee, the University of Minnesota Foundation and Minnesota Medical Foundation, the University of Minnesota Alumni Association, and the Student Representatives to the Board.
(j) Additional items as decided by the chair of the Board in consultation with the president and vice chair.

At the chair’s discretion, any of these items may be referred for discussion in committee.

Board Operations Part 1: Fundamental Planning Documents

Brian R. Steeves
Executive Director & Corporate Secretary
Why is BOAG so important?

- *Board Operations and Agenda Guidelines* (BOAG) establishes the **structure and processes** that facilitate the Board’s governance work.

- BOAG defines the Board’s committees, agenda development process, key planning documents, and the president’s performance review process.
Remaining Items to Review

- **Fundamental Planning Documents**
- **Meeting Procedures and Emergency Approval**
- **Legislative Reports** (e.g., Report on Progress Toward Performance Goals; State Capital Appropriations Report, etc.)
- **Presidential Performance Review, Evaluation and Compensation**
Fundamental Planning Documents

1. University Plan, Performance & Accountability Report
2. Annual Operating Budget
3. Capital Budget
1. University Plan, Performance & Accountability Report

- Fulfills University Charter requirement.
- Articulates University’s mission and vision.
- Publicly demonstrates University’s accountability for progress toward stated goals and objectives.
- “Sets forth major goals, objectives, and timelines” and “sets the framework for the University budget.”
2. Annual Operating Budget

• All campuses, all programs, and all funds (revenues and expenditures).
• Comes to Board in “successive meetings.” Recently, Board has planned opportunities for input earlier in the process.
• Student representatives have encouraged greater clarity regarding base and changes to funding levels for specific items.
3. Capital Budget

- Capital budget has two parts: six-year capital plan, annual capital improvement budget.

- Six-year capital plan:
  - Projects approved to proceed with preliminary project planning.
  - Projects greater than $1 million.

- Annual capital improvement budget:
  - Authorizes completion of design and construction projects with approved financing and schematic design.
  - Projects greater than $500,000.
Discussion Question #1

Should a system-wide strategic plan – or something similar – be added as a fundamental planning document?
Discussion Question #2

• Should any additional operating budget touch points with the Board be formalized in policy?

• 2016-17 Process

  – March 2017 – FY 2018 Budget Framework
  – June 2017 – FY 2018 Annual Operating Budget: Review
  – Special June 2017 – FY18 Annual Operating Budget: Action
Discussion Question #3

• Are any changes needed to the annual capital budget or six-year capital plan?
• If so, what?
Discussion Question #4

• The University’s Progress Card, first adopted in October 2015, is now included in the Accountability Report. Should it be formally required in policy?
Next Steps

• Dec. 2017 – Legislative Reports; Presidential Performance Review and Compensation
• Sept-Dec. 2017 – Committee Charges
• February 2018 – Draft language for review

PURPOSE & KEY POINTS

The purpose of this item is to discuss a draft committee charge for the Finance & Operations Committee. This is the first in a series of discussions to define charges for the Board's new committee structure.

A draft committee charge is included in the docket materials as a starting point for the committee’s discussion. Feedback from the committee will be used to refine the draft language, which will be included in proposed amendments to Board of Regents Policy: Board Operations and Agenda Guidelines. The proposed amendments will be considered this spring.

BACKGROUND INFORMATION

The Board adopted a Resolution Related to Board Committee Structure on June 20, 2017. The resolution created the Finance & Operations Committee by combining three previous committees - Facilities, Planning, & Operations; Faculty & Staff Affairs; and Finance. The resolution also directed the executive director and corporate secretary to draft amendments to Board of Regents Policy: Board Operations and Agenda Guidelines to implement the new committee structure.

The charges for the three previous committees are contained in Board Operations and Agenda Guidelines Section II, Subd. 3.
The Finance & Operations Committee oversees and makes recommendations related to the University's operations, fiscal stability, physical assets (e.g., land, buildings, infrastructure, technology, and equipment), and long-term economic health. - employment and labor relations matters reserved to the Board as defined by Board of Regents Policy: Reservation and Delegation of Authority Article I, Section XI.

This committee provides oversight of:

- long-range financial planning strategies, including total indebtedness of the University and investment portfolio;
- the financial relationship between the University and its partners, including affiliated foundations, clinical operations, and external entities;
- potential risks within University finance and operations;
- long-range physical asset planning strategies, including technology infrastructure;
- public safety and emergency preparedness;
- operational services such as housing, parking, transportation, and dining;
- faculty and staff employment, compensation and benefits policy, including senior leader compensation, benchmarking, and terms of employment; and
