The Board reserves to itself authority to approve the use of proceeds for any purpose other than capital projects, with the exception of those items delegated to the president or delegate in Subd. 4 of this section.

Subd. 2. Reservation of Authority to Oversee the Principal Repayment Reserve.

The Board reserves to itself authority to approve the amount and source of the Principal Repayment Reserve, which will be invested in accordance with Board of Regents Policy: *Endowment Fund*. The Board reserves to itself authority to withdraw funds from the Principal Repayment Reserve for any purpose.

Subd. 3. Reservation of Authority to Approve Use of Funds from Internal Lending Program.

The Board reserves to itself authority to approve the use of funds from the Internal Lending Program to finance capital projects that require Board approval as defined by Board of Regents Policy: *Reservation and Delegation of Authority*. The Board reserves to itself authority to approve the use of funds from the Internal Lending Program for purposes other than capital projects regardless of the amount.

Subd. 4. Delegation of Authority.

The president or delegate shall have the authority to take all actions other than those described in Subds. 1 – 3 of this section to manage the long-term capital financing programs consistent with Board policies. Such actions include:

- (a) Determining the investment strategy of the proceeds within the parameters established in Section II, Subd. 1 of this article, and by Board of Regents Policy: *Investment Functions* prior to their authorized use by the Board.
- (b) Use of proceeds for (i) costs of issuance related to the issuance of interest-only bonds; (ii) the use of the realized earnings on the invested proceeds to fund annual interest expense due on the interest-only bonds; and (iii) to finance or refinance capital projects not requiring Board approval.
- (c) Withdrawal of the earnings realized on the investment of the proceeds to fund interest expense on the interest-only bonds, and to fund investment manager or other related fees incurred in managing the invested proceeds.
- (d) Oversight of the Internal Lending Program including approval of funding for capital projects not requiring Board approval and establishing repayment terms for all internal loans.

SECTION II. LONG-TERM CAPITAL FINANCING PROGRAM GUIDELINES.

Subd. 1. Investment of Proceeds.

The primary investment objective for the proceeds shall be current income and capital preservation, with the following requirements:

- (a) Proceeds shall be separately identified from other University investments and will be available to fund capital projects approved by the Board.
- (b) The invested proceeds shall be subject to limited market risk.
- (c) Investment earnings may be withdrawn to fund interest due on the interest-only bonds and to fund the related investment management fees.
- (d) Earnings on the invested proceeds remaining after authorized uses as defined in Subd. 1 (c) of this section shall be made available to fund capital projects, as required by Internal Revenue Service regulations.

Subd. 2. Investment of Principal Repayment Reserve.

The University shall set aside a specified amount from sources other than debt proceeds as a principal repayment reserve. The amount shall be deposited into a quasi-endowment account in the University's Consolidated Endowment Fund and be invested in accordance with Board of Regents Policy: *Endowment Fund*.

Subject to Article III, Section I, Subd. 2 of this policy, funds will be held in the Principal Repayment Reserve until the original amount set aside plus accumulated earnings is sufficient to repay the amount of interest-only bonds outstanding, or until the Board authorizes the withdrawal of funds for another purpose.

Subd. 3. Use of Proceeds.

The proceeds shall be used to finance University capital projects, to refinance existing outstanding debt, including the refunding of the commercial paper that had been issued to finance the capital projects during construction, and to pay costs associated with the issuance of the interest-only bonds.

Subd. 4. Use of Internal Lending Program.

Subject to Article III, Section I, each capital project funded by the proceeds shall include a repayment plan that collects principal and interest from applicable units and the University shall use the collected balances (i) to fund interest expense on interest-only bonds, and (ii) to provide new funding for capital projects.

Subd. 5. Repayment of the Principal of Interest-Only Bonds.

Depending on the length of time the Principal Repayment Reserve is invested, the final accumulated amount may be sufficient for the full repayment of principal at maturity. In cases where the principal of the interest-only bonds is due in less than 100 years, the accumulated value of the Principal Repayment Reserve may not necessarily provide for the full repayment due to the shorter time period invested. In that situation, the president may recommend to the Board to refinance the interest-only bonds at their maturity for an additional extended period or provide additional funding to pay the principal due in full.

SECTION III. REPORTING.

The president or delegate shall include information related to the invested proceeds and the Principal Repayment Reserve in the annual Asset Management Report. The report shall include the annual investment performance and current market value of the proceeds; the investment performance, current market value, and growth relative to assumptions of the Principal Repayment Reserve; and other information as may be requested by the Board.

The president or delegate shall provide information about the use of proceeds and the Internal Lending Program in the annual Capital Finance and Debt Management Report. The report shall include an annual summary of all funded projects; loans made; the balance of the funds in the Internal Lending Program; and other information as may be requested by the Board.

SECTION IV. CERTIFICATION OF AUTHORITY. and Long-Term Capital Financing

As needed or may be requested, the secretary of the Board shall certify the authority and power of the president or delegate to enter into Interest-Only Bond transactions as provided in this policy.
